Blood Done Sign My Name is a powerful and moving account of the true story of the first all-black jury to convict a white man in the deep south. This award-winning book is a must-read for anyone interested in the history of race relations in America.

The story takes place in Oxford, Mississippi, in 1955. A young black man named Emmett Till was brutally murdered by two white men, Roy Bryant and J.W. Milam. The case quickly became a national sensation, and the NAACP sent a team of lawyers to defend Till's family.

The trial was a landmark event in the history of the civil rights movement. It was the first time that an all-black jury had convicted a white man in the deep south. The verdict was a major victory for the civil rights movement, and it helped to pave the way for the passage of the Civil Rights Act of 1964.

Blood Done Sign My Name is a powerful and moving account of this important event in American history. The book is beautifully written, and it is a must-read for anyone interested in the history of race relations in America.
