In his groundbreaking new book, 'Breaking The Story: Of How The Rich And Powerful Hide Their Money,' investigative journalist Peter Schweizer takes readers on a journey into the dark and hidden world of offshore finance and tax havens. Drawing on years of research and exclusive interviews, Schweizer exposes the secret schemes and loopholes that the world's wealthiest individuals and most powerful corporations use to avoid taxes, launder money, and hide their assets from public scrutiny.

'Breaking The Story' is a shocking exposé of the global financial system and the corrupt practices that have allowed the rich and powerful to amass vast fortunes at the expense of the general public. Schweizer reveals how tax havens have become a breeding ground for financial crime and corruption, and how they have been used to facilitate everything from money laundering to terrorist financing. He also shows how the wealthy have used offshore accounts to avoid taxes, evade law enforcement, and hide their assets from creditors.

Schweizer's book is a must-read for anyone who wants to understand the inner workings of the global financial system and the corrosive effects of tax havens. It is a powerful indictment of the greed and corruption that has come to dominate our world, and a call to action for those who want to create a more just and equitable society.
