Okay But Try Not To Murder Anyone is a hilarious and heartwarming novel about a young woman who tries to find her place in the world, while also trying not to kill anyone.

Annie is a 25-year-old who has always been a little bit of a loner. She's never really fit in, and she's always felt like she was on the outside looking in. But when she moves to a new city and starts a new job, she's determined to make a change.

Annie starts to make friends and she even starts to date. But just when she thinks she's finally found her place, she witnesses a murder. And not just any murder—the victim is her new boss.

Annie is horrified, but she's also determined to find out who killed her boss. She starts to investigate, and she quickly learns that there are a lot of people who wanted her boss dead.

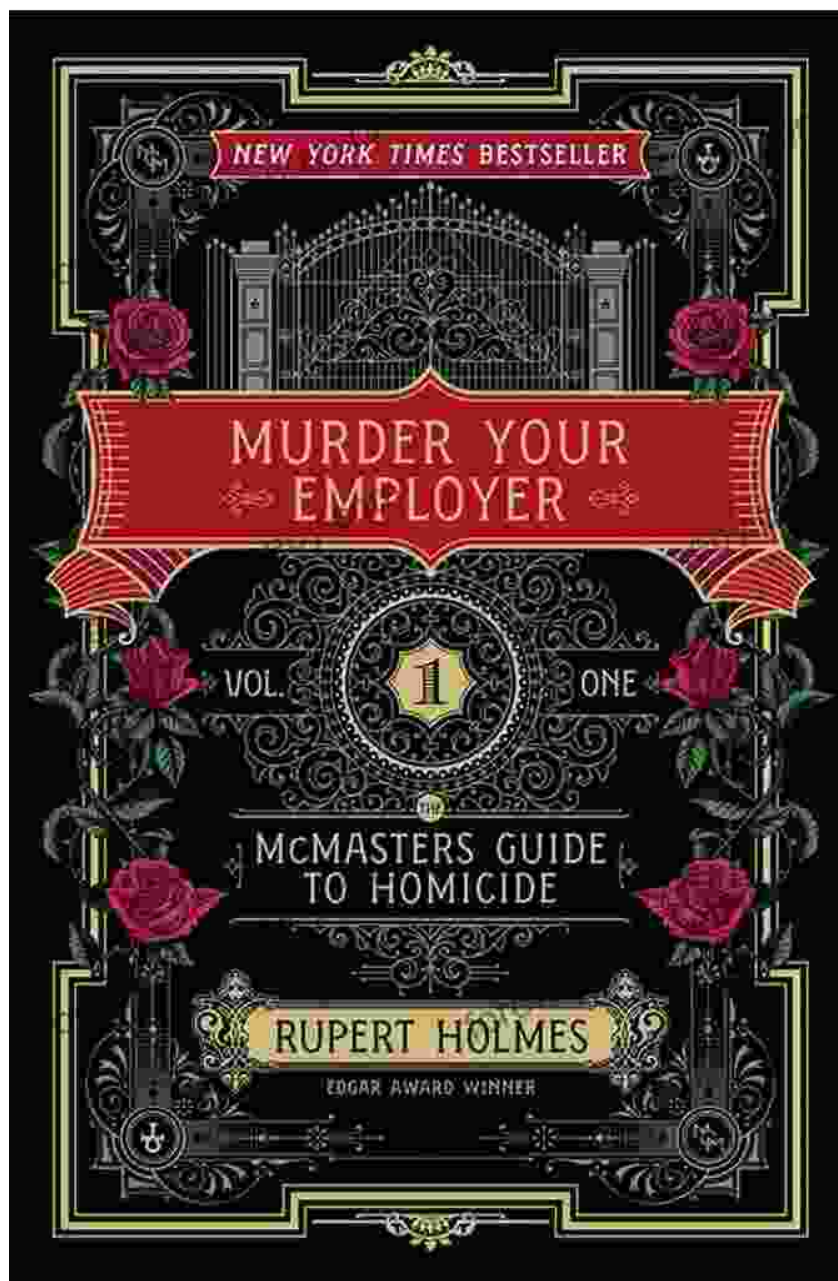

As Annie gets closer to the truth, she starts to realize that she's in danger. The killer is after her, and they'll stop at nothing to keep her quiet.

Annie has to use all of her wits and determination to stay alive. She has to figure out who killed her boss, and she has to do it before the killer comes after her.
