## **Early Life and Indigenous Roots**

Born into the Agaidika tribe of the Lemhi Shoshone people around 1788, Sacagawea's life was deeply rooted in the traditions and values of her Native American heritage. As a young woman, she honed her skills in hunting, gathering, and the art of survival in the unforgiving landscapes of the Great Plains. Little is known about her early life, but historians believe that she was captured by a rival tribe, the Hidatsa, and later traded to Toussaint Charbonneau, a French-Canadian trapper who became her husband.

## **A Chance Encounter**

In 1804, fate intervened when the Lewis and Clark Expedition arrived at the Hidatsa villages in search of supplies and a guide to lead them through the

uncharted wilderness to the west. Charbonneau was initially hired as an interpreter, and Sacagawea's knowledge of the terrain and her fluency in the Shoshone language made her an invaluable asset to the expedition.
